- 40 The Lisa Von Tang Atelier
- 54 Tokyo, Through Sofia Coppola's Lens
- 66 Marrakech After Dark

Where to Stay in Singapore

Singapore rewards staying close to its layers. The city sits at the intersection of colonial heritage, modernist ambition and one of the most considered hospitality traditions in Asia, and the hotels reflect that. Some pull you into the old town's verandas and ceiling fans. Others draw you into glass and shadow above the bay.

The six here are the ones we'd put our name beside, in the order we'd stay them.
